Becoming a Friend of START

Limited Company No: 5242598 Registered Charity No: 1108113

info@studentsandrefugeesttogether.com

At START our mission is:

“To work in partnership with families, individuals and organisations to facilitate the transition of refugees, black and minority vulnerable ethnic groups, from ‘people in need’ to self-reliant contributors of their local communities”

What this means is:

START recognises the skills and experience asylum seekers and refugees bring to the city and aims to provide them with help to work out what they need and how to get it...

This might include:

- Home visits, help with housing, money and health problems
- Overcoming loneliness and any other difficulties.
- Social events and days out, arts and cultural activities
- The Cultural Kitchen, a meeting place for refugees and asylum seekers.
- Help towards voluntary and paid work

If you are passionate about human rights and social justice and are interested in what we do and would like to support us but have lots of commitments!

You can become a Friend of START.

You could: -

- Circulate our news amongst friends, family and colleagues
- Make a donation to START
- Hold a fund raising event
- Adopt START as your organisation's nominated charity

As a friend you will receive:

- Regular updates on START's work
- An invitation to our annual open day event
- A copy of the annual report

There are three categories each designed to suit you:

1. A START Benefactor:

A benefactor of START is an individual willing to make a financial contribution to START either as a donation or by holding a fund raising event for START or adopting START as their organisation's charity.

START provides a free service, helping to integrate refugees and asylum seekers into new communities. Working in an unstable economic and political climate makes it harder and harder to support those who truly need our help.

Therefore donations of any size are appreciated, whether this is a one off donation, or a monthly donation we are grateful for your help and your money will make a difference.

Financial contributions, although important, are not the only way you can help START...

2. A START Volunteer:

Offering your time to START can be just as valuable. This ensures that you can bring and utilise your skills helping to improve refugee lives in Plymouth. Volunteer work can be of great benefit to both START and to you, and is highly praised by those who have offered their time in the past.

3. A START Resource:

A resource of START is someone who is willing to offer a service or skill that can be relied on when needed. There are a range of services that can help us, such as offering professional advice, acting as a translator, providing dancing lessons or helping with language development. There are endless ways you can become involved and provide help.

If you are interested in becoming all or any of these, please complete and return the form on the next page...
